PLANT MACHINERY

We have highly equipped latest machinery installed in our plant for best possible accuracy in our esteemed products.

1) CNC Turning Centre

Machine has 12" chuck size and turning length of 1200 mm make of Mac Power CNC Automation Limited with Fanuc Controller make of year 2025.

2) CNC Turning Centre

Machine has 10" chuck size and turning length of 750 mm make of Mac Power CNC

3) BAND-SAW

Can cut material like S.S., Die-Steel, Hot Die-Steel, D1, D2, M1, M2 upto 200 mm diameter with 40 RPM Motor.

4) MNTR Milling Centre

Machine has boaring capacity of 200 mm and travel of 320 mm X 850 mm make of PRECIMILL Machinery of year 2025.

5) Lathe Machine

We have TWO lathe machines of Chuck capacity 12" 3- Jaw Chuck 1000 mm, lathe machine of Chuck capacity 14" 4- Jaw Chuck 1500 mm

6) Semi Automatic Drill Machine

We have ONE Horizontal Drilling Adda of 6" Chuck with maximum drilling capacity of 40 mm drill size with 100 mm bore.

7) Drill Machine

We have TWO Vertical Drilling Machine of drill capacity upto 40 mm which can drill upto depth of 150 mm with 2 H.P. 1400 R.P.M. motor.

8) MIG-Welding Machine

We have total number of SEVEN welding machine in which 4 machines of 400 volts, 2 machines of 450 volts and 1 machines of 600 volts.

9) Arc-Welding Machine

We have Arc-Welding Machine of 200 ampere for tacking purpose machine is make of year 2025.

10) Plasma Cutting Machine With Oxy Fuel.

We have super cut Oxy-Fuel Machine with bed capacity of 2000 mm X 6000 mm which can cut upto 100 mm of sheet easily make of year 2025.

11) Centreless Grinding Machine

We have Centreless Grinding Machine which can grind upto dia of 100 mm and machine is make of Guru Arjun Machine Tools (G.M.T.) and make of year 2021.

12) Hand Grinder Machine

We have total number of FOUR Hand Grinder in which 3 Grinder are of 7" and 1 is of 4".

13) Air Compressor

We have TWO Air Compressor of 5 H.P. which are in use for painting and burr cleaning purpose and machine is make of year 2025.
